

Outages in Metropolia IT Services on June 10-11, 2017

Metropolia IT services will be under maintenance on the weekend May 10-11, 2017 which will cause disturbances in service availability both on Metropolia campus and remotely. During the weekend there will be local service outages in IT communications on all campuses. Metropolia IT services and internet services will not be available during the outages.

OMA services and the single sign-on system will be under maintenance on Sunday, June 16 beginning at 8am. OMA services will be unavailable until noon and there will be disturbances in service sign-on in the afternoon until 4pm.

We apologize for the inconvenience caused by the outages.
