

# IT services maintenance outage at Metropolia IT Services - Preliminary announcement July 2022

Metropolia's **server systems** will be maintained from Monday 4.7 at 8.00 until Friday 8.7. at 16.00, resulting in short outages for most of the IT services provided by Metropolia, including financial and human resources management systems, email, Skype For Business, network drives (Z, U, W, T, S, P), login services (Office365 and Metropolia SSO), desktop virtualization (desktop and securedesktop), web services for teaching and projects, including users, vhost, mysql, mysqlproj, projects servers, [wiki.metropolia.fi](https://wiki.metropolia.fi), [www.metropolia.fi](https://www.metropolia.fi) and Moodle.

4.7. 8.00-16.00 Short interruptions in e-mail traffic for outgoing messages

5.7. 8.00-10.00 [Moodle.metropolia.fi](https://moodle.metropolia.fi) maintenance outage

5.7. 11.00-12.00 [www.valmentavakoulutus.fi](https://www.valmentavakoulutus.fi) maintenance outage

Metropolia's **telecommunication systems** will be maintained from Monday 4 July at 8.00 until Friday 8 July at 16.00, resulting in short outages throughout the entire Metropolia telecommunications environment. The maintenance work will be carried out on the network equipment of the Metropolia infrastructure. This will result in outages in the campus network, as well as in the services provided from the data centre.

The following major outages are planned

6.7. 8.00-16.00 Firewalls, network outages

7.7. 8.00-18.00 Campus networks, outages in wired and wireless network connections on campuses
