

# Old workspaces are being archived in the wiki - short break of service on Tuesday March 19, at 4:00 PM

The aged workspaces of Metropolia's [wiki](#) will be archived for read-only on **Tuesday, March 19th, at 4:00 PM**. This will cause a few minutes of downtime on the wiki.

Old workspaces are those that were last updated on **December 31st, 2021, or earlier**.

[Workspaces related to teaching and learning](#) that begin with the string 'wiki2' are being moved to the archive.

Archived workspaces can be restored if necessary, so no page will be permanently removed from the wiki.
