

Toistuvan tapahtuman luominen

Toistuva tapahtuma luodaan painamalla Recurrence-näppäintä ja valitaan toistuvan tapahtuman tiedot.

The screenshot shows the Microsoft Outlook interface with the 'Appointment Recurrence' dialog box open. The dialog is titled 'Appointment Recurrence' and has two tabs: 'Appointment' and 'Recurrence'. The 'Recurrence' tab is selected. The 'Appointment time' section shows 'Start: 0:00', 'End: 0:00', and 'Duration: 1 days'. The 'Recurrence pattern' section shows 'Weekly' selected, and 'Hourly every 1 week(s) on' is chosen. The 'Range of recurrence' section shows 'Start: 9.10.2011' and 'No end date' selected. At the bottom are 'OK', 'Cancel', and 'Remove Recurrence' buttons.
